Message from Zita

It has been a good few months since our monthly Newsflash has been produced. Space Magazine, who offered their services to us at no charge for design, layout and editing of the material, unfortunately were no longer able to assist us, due to time constraints. After a simple plea on our side to Advantage, they were more than happy and willing to take over the Newsflash. Thank you to Space Magazine for the idea of the Newsflash and for your wonderful efforts. Thank you also to the team at Advantage, who have now created the new look of our Newsflash and take over the role of concept, design and editing. Members are encouraged to use this as a platform to get any message across to all our 460 members of Team Namibia.

NEW MEMBERS
