## message from zifa

Dear Team Namibia Members

I sit here unconvinced that I need to convince people about joining Team Namibia. The phone has been ringing non stop for the past 30 minutes, three calls where enquiries from small entrepreneurs wanting to know how do they become Team Namibia members, another caller wanted to know how to obtain a bar code for their product, and the last caller how to protect an invention/idea. The progress so far has been very pleasing.

I would also like to use this opportunity to welcome our two new members to the Board of Directors: Norbert Shilovo from the Namibia Agronomic Board and Uerilijua Kauria from the Namibia Standards Institute. This year, on the 31 of March Team Namibia will be turning 5. We will be celebrating the occasion in May, details will be coming soon and it promises to be a special event. See you there

Remember, as Namibians we need to be proud of who we are, what we do and what we make.

Be Namibian - Buy Namibian.

## youth campaign

Radio Wave winner, receiving their Team Namibia hamper to the value of N\$3,500

The Youth Campaign is aimed at promoting our "buy local" campaign and educating our youth on the importance of supporting local products and initiatives:

- If you buy Namibian products or services the money stays in the country. It stimulates our economy.
- Buying Namibian is beneficial to us and our children's future
- Creates employment.
- If we all support Namibian products then production can increase and so the cost of local goods will go down.
- Availability of Namibian products will increase, as Namibians demand more thereof.
- As Namibians we need to be proud of who we are, what we do and what we make

## Be Namibian - Buy Namibian radio competition.
