Dear Team Namibia Members,

Unbelievable but true. Five years have passed since the inception of Team Namibia. 2 years have passed since my appointment and another year has passed since the publishing of the first membership guide in 2008. Regardless of the amount of years that have gone by - all these years have been an incredible journey for Team Namibia.

On 18 June 2009 Team Namibia hosted a breakfast for its members at the Windhoek Country Club Resort and Casino. The reason for the breakfast was threefold namely the celebration of 5 years of Team Namibia in 2009, the launch of our 2009/2010 membership guide and we also wanted to thank our members for their continued support over the last 5 years.

Remember, as Namibians we need to be proud of who we are, what we do and what we make.

Be Namibian - Buy Namibian.

team namibia brand equity research

The research was compiled during April and May by Business Intelligence Africa to determine our level of awareness countrywide.

Some interesting outcomes include Only 10% of 300 consumers/ respondents interviewed had never heard of Team Namibia, or seen the logo before. That means 90% of Namibians have seen the logo!

Consumers also preferred the Team Namibia logo against other logos such as the Namibian Flag.

We would like to thank the OTZ as well as the MTI (Ministry of Trade and Industry) for sponsoring this research.

The report will be available on our website as from 1 July 2009.

youth campaign

Winners of the Team Namibia Youth Campaign receive training course in customer service from Namibia Customer Training Service Institute.
