

MESSAGE FROM THE TEAM

**Dear Members**

Spring has sprung and soon, summer time will return... lovely evenings and that typical Namibian weather we so love!!!

As you may be aware, Team is currently represented at Ongwediva thanks to Tatjana and of course, proud member Plastic Packaging who have assisted us greatly with staff and transport! Pambili Young Designers and in particular, Atilla and Chakirra created the most auspicious stand – see the accompanying pics. >>>>>>>>

The Friends of Team Namibia campaign is going well and this weekend, we are shooting Mr Desmond Amunyela in the Development Bank's offices. We are very excited. We have finished with Mr Sven Thieme in Walvis Bay and Dr Christina Swart Opperman and after this, there are three more to go! The billboards will be launched soon.

Membership certificates have been created and these will now be valid for a year. For those of you who have paid, the certificates will be on their way to you during the course of this week and this will be done at the end of each month from hereon out.

Further to this, the Code of Conduct was accepted and you have received a copy via email. Within the next few days, we will be calling on those of you with the Naturally Namibian logo for the statutory declaration as well as information regarding the purchasing of the all important Media Metrix results.

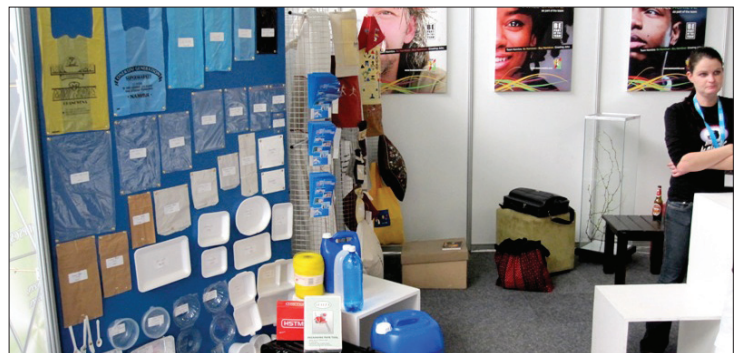

We have also confirmed for the Erongo Expo from 28 to 30 October in Walvis Bay. Please send us your promotional material soonest.

The next two months will focus on membership drives and marketing as well as a full restructuring of the Ambassador's Club. If you have any inputs at all – feel free to contact us!

**And Remember - Be Namibian – Buy Namibian.**

Namibia in Kazakhstan!

Proud member Roots Importers sent us pics of an exhibition of painted bears in the city of Astana, capital of Kazakhstan. Lo and behold, there was a painted bear representing Namibia!!!!
